Custom Carts, Inc. Launches New Website

Sarasota, FL – Custom Carts, Inc. (<http://www.customcarts.com>) is an authorized ClubCar and EZ-Go golf cart dealer, supplying golf carts to resorts, communities, and golf courses around the nation. Custom Carts has made their mark in the golf cart industry for their custom golf cart designs, and has received notoriety for their '57 Chevy custom golf carts—and they even have a line of NAZCART custom golf carts which they supply for NASCAR.

With the assistance of Webtivity Design Solutions (<http://www.webtivitydesigns.com>), a Bradenton-based internet marketing firm, Custom Carts, Inc. has freshened their branding and launched a new website designed to more effectively showcase their custom designs. The new website will also help the company promote their new All American Series, a revolutionary line of electric and solar electric Low Speed Vehicles (LSV's) which require no gas to operate. These vehicles are manufactured with up to 45 to 50% of recycled or certified remanufactured parts and materials, all covered by a new vehicle warranty. The "All-American" series is the most eco-friendly, low speed vehicles in the world.
